

AARP Foundation Tax-Aide CyberTax

July 14, 2016

To: All AARP Foundation Tax-Aide Volunteers (with a valid email address in the Portal)
From: Rosa A. Maymi, Outreach Manager, AARP Foundation Tax-Aide
Subject: CyberTax TY2016-01: Tax-Aide Diversity Site Application Now Available

We are happy to let you know that the AARP Foundation Tax-Aide Diversity Site application is now available so you can request resources to launch a new Diversity Site or expand an existing site to serve diverse communities. This initiative, started a couple of years ago, allows Tax-Aide to grow and help taxpayers in diverse and underserved areas. [Apply HERE](#).

We encourage all volunteers interested in starting a new tax site or expanding an existing tax site in a diverse community **to apply by or before October 15, 2016**. However, we may make exceptions for later submissions if resources are available. To complete the application you will need the demographic information about the community where the proposed or expanded site is located, have an idea of who will serve as the Local Coordinator, and understand the type of resources you will need to be successful. Also please include your local state volunteer leadership in your plans to apply.

If you have run a Diversity Site in prior years, you should have received a separate email communication on what to do if you are eligible to continue with this initiative.

Our investment in your success includes three laptops, a printer, hot spot (if needed), diversity intake sheets, and up to \$500 reimbursable expenses for marketing and promotion. [View the application](#) for more details about the program.

If you have questions, please 'Submit a Request' through OneSupport Help Center or send an email to taxaide@aarp.org and place "Diversity Site" in the subject line.

Thank you for your support and consideration.
